

*We don't believe in law as usual
For us, law is inspiring...*

Our story

A number of years ago, we decided that we could change the way legal services are delivered. That we could do them better. At gunnercooke, we believe the potential of our clients and our people rests with our ability to free the law and make it work as it should. Today, we attract passionate lawyers and advise with authority: every gunnercooke lawyer has a minimum 10,000 hours practising experience.

Flexibility, transparency and freedom guide everything we do. Flexibility for our people to work how they want. Transparency of cost for our clients because we removed time recordings and billable hours. Freedom for our people and clients to achieve their personal and professional aspirations.

We work with clients that believe tradition is there to be tested, not obeyed. Working together, we help them seek opportunities and push the boundaries of what's possible.

Providing a suite of corporate and commercial legal services, gunnercooke is one of the UK's fastest-growing challenger brands. Proud of what we have achieved, committed to doing more.

Overview

What she's best at

George is great at getting deals done. She's commercial, she understands finance and she understands business. George is also interested in a borrower's business, whether she's acting for a borrower or a lender, to ensure that a deal is structured appropriately

and will work commercially for all sides.

George has a broad based practice and has significant experience in leveraged finance (and in particular, MBOs and MBIs), asset based lending (including receivables financing, inventory, plant and machinery, property and cashflow loans) and real estate finance. George advises

on all aspects of new and existing asset based and traditional banking facilities and related security and intercreditor issues. George acts for clients both in relation to the writing of new business and the restructuring of existing facilities in a distressed and non-performing situation.

George's practice also includes advising clients on all aspects of corporate treasury, hedging and derivative matters. George advises banks, building societies and corporate clients on their hedging and wholesale funding requirements (including commercial paper and EMTN programmes) and negotiates all aspects of ISDA, GMRA, GMSLA documentation together with documentation such as Custody Agreements and Issuing and Paying Agency Agreements.
