

*We don't believe in law as usual  
For us, law is inspiring...*

## *Our story*

A number of years ago, we decided that we could change the way legal services are delivered. That we could do them better. At gunnercooke, we believe the potential of our clients and our people rests with our ability to free the law and make it work as it should. Today, we attract passionate lawyers and advise with authority: every gunnercooke lawyer has a minimum 10,000 hours practising experience.

Flexibility, transparency and freedom guide everything we do. Flexibility for our people to work how they want. Transparency of cost for our clients because we removed time recordings and billable hours. Freedom for our people and clients to achieve their personal and professional aspirations.

We work with clients that believe tradition is there to be tested, not obeyed. Working together, we help them seek opportunities and push the boundaries of what's possible.

Providing a suite of corporate and commercial legal services, gunnercooke is one of the UK's fastest-growing challenger brands. Proud of what we have achieved, committed to doing more.

#### **Overview**

#### **What he's best at:**

Chris is a recognised authority in software licensing, software services, system supply, hosting and distribution agreements, having specialised in this field of commercial law for over 20 years. He has travelled extensively through his work, delivering non-contentious commercial advice predominantly for domestic and international clients in the Information Technology sector.

Chris has considerable experience across a wide range of commercial work including commercial contracts, company mergers and acquisitions and commercial property.

For many years, he has successfully run his own consultancy business providing both legal and general guidance to technology companies. He is equally comfortable providing advice as and when requested or taking ownership of a transaction or a role supporting the technology aspect of a wider transaction.

**Who he works for:**

- International software providers
- Technology businesses
- Large corporations with specific technology requirements

**Testimonials**

"Many lawyers seem to tell you what you can't do. Christopher helps you to achieve the best possible legal result, but is prepared to challenge your opinion and provide alternative advice / solutions." - Andy Eardley, Director, TV App Agency Limited

---
