Darryl Cooke biography

Darryl Cooke is the Founder and visionary behind game-changing corporate law firm gunnercooke and its social enterprise, the gunnercooke foundation, which connects business leaders with charitable organisations. As well as being author of the book 'To Innovate or Not to Innovate', Darryl regularly speaks out on issues around CSR and conscious capitalism and has released a series of podcasts and blogs to inspire businesses to do better. He is the host of the firm's Inspiring Leadership Podcast, which delves into the minds of inspiring businesspeople to understand what makes a great leader and reflect on the causes that are important to them.

gunnercooke group companies

gunnercooke OP

gunnercooke Operating Partners stand side by side with private equity investors and their portfolio companies, working in a trusted capacity to ensure that these businesses improve their performance, increase their momentum and, ultimately, generate higher returns for all stakeholders.

gunnercooke Associates

As part of the gunnercooke family, our team of Associates support ambitious SMEs and start-ups with dynamic legal advice at each stage of their growth. We share the same entrepreneurial spirit as the business owners we represent, working closely with them to get deals done. The commercial world is evolving, and legal strategy must evolve with it.

gcTrustees

A pension trustee company which takes a fresh approach to advising smaller schemes which have often been underserved.

the gunnercooke foundation

The gunnercooke foundation is the charitable arm of gunnercooke and is directly devoted to changing the economic and social situation of others and transforming the communities in which we live. The foundation connects ambitious not-for-profits with businesspeople through mentor-led hubs.

gunnercooke Tech

gunnercooke Tech is responsible for improving infrastructure and systems to enhance the firm's client service delivery, as well as heading up internal and external training and development in legal tech.
